VALUE OF ALL GOODS & SERVICES CONTRIBUTED - DONATED TO THE BREAST HEALTH CENTRE AT SASKATOON CITY HOSPITAL

PINK HOUSE Campaign

The Pink House is the first of its kind in Saskatchewan framed with fire, mould, fungus and rot protection lumber, which is pink in color. The value of all goods and services contributed to the Pink House will be donated to the Breast Health Centre at Saskatoon City Hospital.

The Breast Health Centre opened in March of 2006, focused on advanced diagnosis. The Center has reached the point where expansion is necessary. Modern breast health care requires a team approach of physicians, surgeons, radiologists, nurses and other health care professionals. The appropriate setting is needed for the team to work together and consult with the patient and their family. Funds from the Pink House Campaign will help create the physical space needed to put this improved breast health program in place.
